<p>Summary of the Event</p>	<p>At the onset of the Cyber Bloom event, attendees were required to install essential Software tools are VMware, kali,metasploitable designated for the occasion. Subsequently, the Cyber Bloom organizing team delivered comprehensive tutorials, guiding participants through practical applications, including threat detection, encryption, and secure data handling.</p> <p>The hands-on sessions covered diverse aspects of cybersecurity, fostering participant engagement. The Cyber Bloom team actively</p>
	<p>addressed queries and provided real-time assistance, ensuring a thorough understanding of the tools and techniques discussed.</p> <p>Following the tutorials, a lunch break of 60 minutes was allocated, and participants reconvened for a cybersecurity challenge. Tasked with implementing cybersecurity measures on their chosen scenarios, participants utilized the tools covered earlier. The most innovative solutions were recognized, with the top three submissions receiving commendable prizes.</p> <p>Refreshments were provided throughout the event to sustain participants' energy and focus. The culmination of Cyber Bloom featured an award ceremony where core-committee members acknowledged and rewarded the winners for their outstanding contributions to the cybersecurity challenge.</p>
