

Gokaraju Rangaraju Institute of Engineering & Technology

ANNUAL REPORT 2015-16

Foreword

1. 2015-16 year has proved to be yet another year of inspections. Telangana State Government in conjunction with the State Higher Education, Affiliating Universities formed vigilance teams to review the state education system in terms of norms, facilities, faculty, disbursement of post metric scholarships etc. Though the intention of the authorities is justified, overlooking too many times by too many agencies definitely shifts the focus of the college. Notwithstanding the variety of fact finding committees, vigilance visits, submission of data in multiple formats, GRIET proved its calibre in terms of its quality teaching learning environment as per norms. Even the NBA accreditation visits went through successfully yielding positive results. GRIET has started earnestly to focus on the two mantras namely: Outcome Based Education and Active Learning at all levels.
